

Competition for Town Development around the Hoan Kiem Lake in the Hanoi City

Ordering party: Hanoi City

Location : Hanoi city (Viet Nam)

Site area : Approximately 64ha

Service: Master plan competition

Time of service : 2008

Community planning international competition for the Hoan Kiem Lake located at the center of Hanoi and its surrounding area, Hanoi, most popular spot for city residents, still has historic quarters called Old Quarter and French Quarter and an open waterside. Nikken Sekkei Civil Engineering made the following three proposals, taking into the consideration for creation of an environment where city residents can keep taking their pride in living around the Hoan Kiem Lake and emotional attachments for the coming 1000 years.

- Develop elegant cityscape with the regional cultural value.
- Develop the community planning to create a human-centered and vibrant popular town
- Utilize underground space

Our acclaimed proposals finished in second place. (First prize: N/A)
