

## Detail design for redevelopment of the station plaza on the east side of Kawasaki Station

**Ordering party :** Kawasaki City

**Location :** Kawasaki-ku, Kawasaki City

**Area :** 30,900m<sup>2</sup>

We redeveloped the station plaza on the east side of Kawasaki Station' with area of 30,900m<sup>2</sup> and provided the detail design for development of aboveground facilities and redevelopment of the underground passageway.

**The following are improvement plans:**

- (1) Redevelop the shed of the central stair at the underground passageway to create symbolic Kawasaki Station appropriate as the entrance of Kawasaki City
- (2) Set the shed from Kawasaki Station to the bus station through the transportation facility to improve its accessibility and amenity
