

Station plaza on the east side of Sendai Station

Ordering party : Sendai City

Location : Miyagino-ku, Sendai City, Miyagi Prefecture

Project summary :

- Area of station plaza : 1.5ha
- Parking lots with the underground bicycle parking area : 3,334 m²
- Pedestrian deck

Services : Basic design, Detailed design

Time of service :

- Parking lots including the underground bicycle parking lot - March, 2002
- Station plaza and deck - July, 2004

To create a symbolic landscape appropriate as a new entrance of Sendai City, the station plaza was designed under the concept of "Forest Park" in keeping with the intention of a citizen of Sendai. It has a streamline shape, and natural materials such as lumbers and stones are arranged to enhance the attractiveness of natural landscape.

The underground bicycle parking lot is equipped with skylights and glass roof to provide an open, clean and user-friendly environment and encourage the active utilization.
